

THE ESSENTIALS COLLECTION

kitchens that complete your home

In life, some things are just essential...

Things like the water we drink, the air we breathe, the food we eat and, of course, the kitchen we live and work in. Our designers know the vital role our kitchen plays in our daily lives, which is why they have devised a collection that can be combined to create a kitchen that's different. A kitchen that's uniquely yours.

Designed to appeal to every taste, budget and desire, the Essentials collection features three different door designs (Jefferson, Madison & Wakefield) that share an extensive range of accessories and finishes. Available in Ivory, Oak and a selection of 16 standard paint colours*, these ranges offer incredible versatility and choice. Try mixing and matching finishes to give your kitchen that true designer look.

The process of ordering your kitchen is simple. You just choose your preferred door style in the finish(es) you desire and then select the accessories that will make your kitchen totally exclusive to you. Before you know it, your Essentials kitchen will be installed!

Created using premium quality materials and the most technologically advanced manufacturing techniques, Essentials kitchens are both reliable and visually stunning. Whether you favour the traditional look of Jefferson with its ornate, raised centre panel, the modern, shaker style Madison, or the compromise offered by Wakefield's flat centre panel with internal moulding, an Essentials kitchen will fulfill even your most demanding specifications.

So, when choosing something as essential as your dream kitchen, be sure you make the right choice. Choose quality above inferiority, simplicity above complexity and value for money above all else.

like an Essentials kitchen.

* Please note that only Madison and Jefferson are available in all three finishes, Wakefield is available in Ivory or a Painted finish only.
